- (xii) any action stemming from, occurring due to, or otherwise related to a breach of Clause 5 above;
- (xiii) the actions or omissions of any third-party payment processing entity or platform that You use to purchase Tokens, or Your inability or ability to use such platform or services; and
- (xiv) the manifestation or materialization of any risk discussed in Clause 6 herein or the Accompanying Documents.

8.3. For the avoidance of doubt, this limitation of liability provision shall apply, with full force and effect, in perpetuity for the benefit of CrispMind LTD and each other Relevant Party, and any other entity that is or becomes the owner of CrispMind LTD or the Project, whether such ownership occurs through a sale, merger, other transaction or by the operation of Applicable Law.

8.4. If Applicable Law does not permit all or any part of the above limitation of liability in contracts to apply to You, the limitations, exclusions, and disclaimers will apply to You only to the extent permitted by Applicable Law.

CLAUSE 9. INDEMNITY

9.1. You do hereby to the fullest extent permitted by Applicable Law indemnify, defend and hold the Company and each other Relevant Party harmless from and against any and all loss, penalty, claim damage, liability, or expense whatsoever (including reasonable attorneys' fees and disbursements) due to or arising out of or based upon (i) any inaccurate representation or warranty made by You, or breach or failure by You to comply with any covenant or agreement made by You in these T&Cs or in any other document furnished by You to any of the foregoing in connection with this transaction, or (ii) any action instituted by or on behalf of You against the Company or any other Relevant Party that is finally resolved by judgment against You or in favor of the Company or any other Relevant Party. The remedies provided in this Clause 9 shall be cumulative and shall not preclude the assertion by the Company or any other Relevant Party of any other rights or the seeking of any other remedies against You. This indemnification shall survive any disposition of Your Tokens.

CLAUSE 10. INTELLECTUAL PROPERTY RIGHTS

10.1. Subject to Clause 10.2, You acknowledge as between You and CrispMind LTD that CrispMind LTD has valid, unrestricted, and exclusive ownership of all rights, title, and interest to use the patents, trademarks, trademark registrations, trade names, copyrights, know-how, technology and other intellectual property rights to and subsisting in the Project, Tokens and the Website. As between You and CrispMind LTD, CrispMind LTD is the sole and

absolute owner of all intellectual property rights currently in (and modifications to) the Project, Tokens, and the Website.

- 10.2. Except as expressly assigned in writing by CrispMind LTD, all copyright and any other intellectual property of CrispMind LTD, all content and other materials contained on the Project or within the Tokens or provided in connection with the Project or the Tokens, including, without limitation, the intellectual property rights for the Project and the Tokens and all text, graphics, visual interfaces, photographs, trademarks, logos, artwork, computer code, designs, structures, selections, methods, algorithms, coordination, and expressions (collectively the "CrispMind Materials") are the exclusive property of CrispMind LTD.
- 10.3. You may not reproduce, distribute, modify, disassemble, reverse engineer, create derivative works of, publicly display, publicly perform, republish, download, store or transmit any of the CrispMind Materials (the "Prohibited Actions"). Except as expressly set forth herein, these T&Cs do not contain any implied license and CrispMind LTD expressly reserves all rights not granted to You herein, including all rights, title, and interest in the Project, the Tokens, and any related content.
- 10.4. You will be in breach of these T&Cs if You perform or have performed on Your behalf any Prohibited Action, or if You print, copy, modify, download, or otherwise use or provide any other Person with access to any CrispMind Materials without the express wrote consent of CrispMind LTD. Upon such a breach, CrispMind LTD may (without limiting its other rights and remedies), terminate Your account in its sole and absolute discretion and disable Your access to the Project, in each case without notice to You. Upon the Company's request, You shall immediately return or destroy any copies of the CrispMind Materials in Your possession.

CLAUSE 11. THIRD-PARTY CONTENT

- 11.1. The Project may contain links to third-party websites and services. Such links are provided for Your convenience. CrispMind LTD shall not be considered to make any recommendation or endorsement of any third-party website or its content unless expressly stated by CrispMind LTD. In addition, CrispMind LTD does not suggest, imply or guarantee the safety, accuracy, or reliability of any third-party website or the conformity of such with Your expectations. Furthermore, CrispMind LTD is not responsible for maintaining any materials referenced from another site and makes no warranties, recommendations, or endorsement for that site or any service provided thereby or thereon. CrispMind LTD assumes no obligations in the event of any damage or loss, or any other impact, directly or indirectly resulting from Your (or any other Person's) use of any content, goods, or services available on or through any such third-party websites and resources.

CLAUSE 12. APPLICABLE LAW

- 12.1. PLEASE READ THIS CLAUSE CAREFULLY BECAUSE IT LIMITS HOW YOU CAN SEEK RELIEF.

- 12.2. To resolve any dispute, controversy, or claim between the Parties arising out of or relating to these T&Cs, or the breach thereof, the Parties agree first to negotiate in good faith for no less than thirty (30) days following written notification of such controversy or claim to the other Party. Notice to the Company shall be sent by email to the Company through the "Contact Us" page on the Website. Notice to You shall be by email or such other means as the Company may determine from time to time in its sole and absolute discretion. Your notice must include
- (a) Your name, postal address, email address, and telephone number,
 - (b) a description in reasonable detail of the nature or basis of the dispute, and
 - (c) the specific relief that You are seeking.
- 12.3. All rights and obligations hereunder shall be governed by the Laws of the United States, without regard to the conflicts of law provisions of such jurisdiction. The Parties submit to the non-exclusive jurisdiction of the courts of the United States and any courts competent to hear appeals from those courts.
- 12.4. Except for any disputes, claims, suits, actions, causes of action, demands, or proceedings in which either Party seeks injunctive or other equitable relief for the alleged unlawful use of intellectual property, including, without limitation, copyrights, trademarks, trade names, logos, trade secrets or patents, You and the Company waive Your and Company's respective rights to a jury trial.

CLAUSE 13. MISCELLANEOUS

- 13.1. Third-Party Rights. You hereby acknowledge and agree that for the Contracts (Rights of Third Parties) Act (Revised) of the United States each Relevant Party is an intended third-party beneficiary under these T&Cs. However, the parties to these T&Cs may rescind or vary these T&Cs (including, without limitation, any variation to extinguish or alter a third party's entitlement to enforce any provisions of these T&Cs) without the consent of any such third party.
- 13.2. Security. You must at all times remain the only person who has control over Your private key, digital wallet, and any other device associated with the purchase of Tokens and any username, passwords, or other login or identifying credentials used by You with respect to the Project and the Tokens. You must implement reasonable and appropriate measures designed to secure access to any private key, digital wallet, or any other device associated with the purchase of Tokens or the use of the Project. If You transfer any such private key, digital wallet, or any other device associated with the purchase of Tokens or the use of the Project to any third party, You do so at Your own risk and CrispMind LTD shall not be held responsible for any loss You may suffer as a result of third parties accessing Your private key, digital wallet or any other device associated with the purchase of Tokens or the use of the Project. If You are no longer in possession and control of any private key, digital wallet, or any other device associated with the purchase of Tokens, the use of the Project, and/or if You are unable to provide login or identifying credentials to CrispMind LTD and/or

if the private key file or password respectively become lost or stolen, You may lose all of Your Tokens, access to the use of the Project and/or the access to Your digital wallet. For the avoidance of doubt, CrispMind LTD is under no obligation to recover or replace any such lost or stolen Tokens or the access to the use of the Project and You understand and agree that subject to the provisions of these T&Cs, all Token purchases are non-refundable and therefore You shall not receive any amount of currency or other compensation for any Tokens purchased and/or lost for whatever reason. Failure to use the Project correctly and/or to follow CrispMind LTD's procedures as may be made available from time to time may result in You not receiving any Tokens, losing access to the use of the Project, or losing some or all of the amounts paid in exchange for Tokens, regardless of the purchase date.

13.3. Suspension. Notwithstanding anything contained herein, CrispMind LTD reserves the right, without notice and in its sole and absolute discretion, to suspend Your right to access the Project, and all related information and files without liability to You, at its sole and absolute discretion, including but not limited to, in case You breach these T&Cs or if CrispMind LTD believes You have committed fraud or other misconduct or are a Prohibited Person. Upon any such suspension, all rights and licenses granted to You under these T&Cs will immediately terminate. In the event of any Force Majeure Event, breach of these T&Cs, or any other event that would make the operation or provision of the Project or related services commercially unreasonable for CrispMind LTD, CrispMind LTD may, in its discretion and without liability to You, with or without prior notice, suspend Your access to all or a portion of the Project. To the extent permitted under Applicable Law (including in the event of applicable legislation change or amendment), in the event, CrispMind LTD revokes Your right to use or access the Project CrispMind LTD shall not be required to provide You with any refund whatsoever.

13.4. Entire Agreement. Unless otherwise provided, these T&Cs are intended to fully reflect the terms of the agreement between the Parties and shall supersede any previously or contemporaneously agreed-upon terms or understanding. No provision of these T&Cs shall be considered waived unless such waiver is in writing and signed by the Party that benefits from the enforcement of such provision. No waiver of any provision in these T&Cs, however, will be deemed a waiver of a subsequent breach of such provision or a waiver of a similar provision. In addition, a waiver of any breach or a failure to enforce any term or condition of these T&Cs will not in any way affect, limit, or waive a Party's rights hereunder at any time to enforce strict compliance thereafter with every term and condition hereof.

13.5. Assignment. The Company may, at its sole and absolute discretion, assign any of its rights and/or delegate its duties under these T&Cs (including, but not limited to any intellectual property rights in or to all technology, software, and code relating to the Project). You may not assign Your rights or delegate Your duties as a user of the Project, or as a purchaser of Tokens, and any assignment or delegation without the written consent of the Company, which the Company may

withhold at its sole and absolute discretion, shall be null and void.

13.6. Severability. In the event any one or more of the provisions of these T&Cs are for any reason held to be invalid, illegal, or unenforceable in any jurisdiction, in whole or in part or in any respect, or in the event that any one or more of the provisions of these T&Cs operates or would prospectively operate to invalidate these T&Cs in any jurisdiction, then and in any such event, such provision(s) shall be deemed modified to the minimum extent necessary so that such provision, as so modified, shall no longer be held to be invalid, illegal or unenforceable. Any such modification, invalidity, or unenforceability shall be strictly limited both to such provision and to such jurisdiction, and in each case to no other. Furthermore, in the event of any such modification, invalidity, or unenforceability, these T&Cs shall be interpreted so as to achieve the intent expressed herein to the greatest extent possible in the jurisdiction in question and otherwise as set forth herein.

13.7. Electronic Notices and Use of Information. You (i) agree and consent to receive electronically all communications, agreements, documents, receipts, notices, and disclosures (hereinafter - the "Communications") that CrispMind LTD provides in connection with Your use of the Project; and (ii) have read and fully understood the Company's Privacy Notice annexed at Schedule 3 to these T&Cs. CrispMind LTD and each of its Affiliates and their respective service providers may further disclose Your information to any of their respective service providers, agents, relevant custodians, or similar third parties for any reason and such Persons may keep Your information for any period permitted by Applicable Law. You do hereby consent to such Persons disclosing any of Your information which they hold to any Governmental Authority or prosecuting authority for any reason and without notice to You. You hereby acknowledge and agree to hold CrispMind LTD and each such Affiliate harmless in respect of any disclosure of information by such Persons following these T&Cs. For the avoidance of any doubt, CrispMind LTD and each such Affiliate shall not be liable to You or any other Person for any loss, damage, or expense incurred directly or indirectly as a result of such disclosure.

13.8. Information Requests. CrispMind LTD may determine, from time to time and in its sole and absolute discretion, that it is necessary to obtain certain information about You and Your Affiliates in order to comply with Applicable Laws in connection with Your entry into these T&Cs and Your subsequent holding of Tokens. You agree to provide CrispMind LTD with such information promptly upon request, and You acknowledge and accept that the Company may refuse to accept Your application until You provide such requested information and the Company has determined that it is permissible for the Company to accept Your application and receive the purchase amount from You under Applicable Law. CrispMind LTD further reserves the right to request identification documentation from You and Your Affiliates at any time. If You or any such Affiliate does not provide such requested information to the satisfaction of the Company (in its sole and absolute discretion) the Company shall not be bound by the provisions of these T&Cs and shall be entitled to specifically refuse any presentation of Tokens by You to CrispMind LTD or any other Relevant Party. In the event that You, directly or indirectly, sell, assign, transfer, convey or otherwise dispose of any Tokens You do hereby covenant with CrispMind LTD to procure that any such acquirer of Tokens shall be under equivalent obligations to provide such information to CrispMind LTD at the request of CrispMind LTD from time to time.

13.9. Tax Issues. CrispMind LTD makes no representations concerning the tax implications of the sale of Tokens or the possession or use of them. You bear the sole and absolute responsibility to determine if the purchase of Tokens with fiat currency or cryptocurrency or the potential appreciation or depreciation in the value of Tokens over time has tax implications for You in Your home jurisdiction or any other jurisdiction. By purchasing Tokens, and to the extent permitted by Applicable Law, You agree to be solely responsible for any applicable taxes imposed on and agree not to hold CrispMind LTD or any of its Affiliates liable for any tax liability associated with or arising from Your purchase, possession, or transfer of Tokens. All fees and charges payable by You to the Company are exclusive of any taxes, and shall certain taxes be applicable, they shall be added on top of the payable amounts. Upon the Company's request, You will provide it any information it reasonably requests to determine whether it is obligated to collect any withholding taxes or value-added or similar taxes from You, including any applicable tax identification numbers. If any deduction or withholding is required by Applicable Law, You will notify the Company and will pay the Company any additional amounts necessary to ensure that the net amount that the Company receives, after any deduction and withholding, equals the amount the Company would have received if no deduction or withholding had been required. Additionally, You will provide the Company with documentation showing that the withheld and deducted amounts have been paid to the relevant taxing authority. To the extent, the Company is responsible for remitting any withholding taxes or value-added or similar taxes, Your allocation of Tokens shall be reduced to the extent such taxes are required to be remitted by the Company. CrispMind LTD wishes to make You aware that future use of the Tokens by You when transacting with CrispMind LTD may result in withholding taxes, value-added tax, and/or similar taxes being imposed. You will be responsible for such taxes,

however, where the Company is responsible for remitting taxes, the amount of taxes shall be deducted from the fees otherwise due and payable by You in connection with Your transactions with the Company.

- 13.10. Force Majeure Events. CrispMind LTD shall not be liable for (1) any inaccuracy, error, delay in, or omission of (a) any information, or (b) the transmission or delivery of information; (2) any loss or damage arising from any event beyond CrispMind LTD's reasonable control, including but not limited to flood, extraordinary weather conditions, earthquake, or other act of God, fire, war, insurrection, riot, labor dispute, accident, action of Governmental Authorities, communications, power failure, or equipment or software malfunction or any other cause beyond CrispMind LTD's reasonable control (each, a "Force Majeure Event").
- 13.11. Compliance Policies. CrispMind LTD and its Affiliates strictly follow applicable anti-money laundering (AML), "know your customer" (KYC), and other Applicable Laws in the United States. You fully agree to assist CrispMind LTD in fulfilling the obligations of any Applicable Law and to provide any necessary information that is required from You to CrispMind LTD or any relevant Governmental Authority.
- 13.12. Further Assistance. You shall cooperate with and assist CrispMind LTD and its Affiliates in connection with any investigation, examination, or inquiry by any Governmental Authority. You shall promptly provide CrispMind LTD and its Affiliates with any documents, certifications, records, or other materials they may request in connection with such investigation, examination, or inquiry.
- 13.13. Headings. Headings are for convenience only and shall not be used to limit or construe any provisions of these T&Cs.

SCHEDULE 1

LIST OF PROHIBITED JURISDICTIONS

- Cuba
- Democratic People's Republic of North Korea
- Islamic Republic of Iran
- Libya
- People's Republic of China
- South Sudan
- Sudan (North)
- Syria
- The Crimea
- Any jurisdiction in which the entry into these T&Cs or the ownership of the Tokens is prohibited by Applicable Law
- Any jurisdiction which is subject to the United States, United Nations, or other applicable sanctions or embargoes

The Company reserves the right to add any additional jurisdictions at any time and without prior notice.

SCHEDULE 2

RISK DISCLOSURES: CERTAIN RISK FACTORS

While the Tokens are available only to purchasers that are not Prohibited Persons there is the possibility that Tokens could be acquired over time or following changes in the regulatory landscape by persons in other jurisdictions currently restricted from acquiring Tokens and, accordingly, the risk factors set out below may include certain risk factors specific to certain jurisdictions even though the Company will not at present make the Tokens available at this time to persons from such jurisdictions.

BY PARTICIPATING IN ANY ACQUISITION OF TOKENS, YOU EXPRESSLY ACKNOWLEDGE AND ASSUME ALL RISKS RELATED THERETO INCLUDING (WITHOUT LIMITATION) THE RISKS SET OUT BELOW.

- a. Risk of Losing Access to Tokens Due to Wallet Incompatibility: Your cryptocurrency wallet must possess technical infrastructure that is compatible with the receipt, storage, and transfer of the Tokens. Non-compatible wallet addresses will not be accepted. In addition, Your wallet address must not be associated with a third-party exchange or service that has custody over the private key. You must own the private key if Your address is an exchange address. The Company reserves the right to prescribe additional conditions relating to specific wallet requirements at any time, acting at its sole discretion.
- b. Risks Associated with the Blockchain Protocols: Any malfunction, breakdown, abandonment, unintended function, unexpected functioning of or attack on the protocol upon which the Tokens are issued may have an adverse effect on the Tokens, including causing them to malfunction or function in an unexpected or unintended manner.
- c. Risks Associated with Your Credentials: Any third party that gains access to or learns of Your wallet login credentials or private keys may be able to dispose of Your Tokens. To minimize this risk, You should guard against unauthorized access to Your electronic devices. Best practices dictate that You safely store private keys in one or more backup locations geographically separated from the working location. In addition, You are responsible for giving us the correct wallet address to which to send Your Tokens. If You give us the incorrect address to which to send Your Tokens, we are not responsible for any loss of Tokens that may occur.
- d. Risk of Unfavorable Regulatory Action in One or More Jurisdictions:
 - i. Blockchain technologies and cryptographic tokens have been the subject of scrutiny by various regulatory bodies around the world. Blockchain technology allows new forms of interaction and it is possible that certain jurisdictions will apply existing regulations on, or introduce new regulations addressing, blockchain technology-based applications, which regulations may be contrary to the current setup of the Project or its smart contract system and, therefore, may result in substantial modifications to the Project and such smart contract systems, including its termination and the loss of Tokens.
 - ii. The regulatory status of cryptographic tokens and distributed ledger technology is unclear or unsettled in many jurisdictions. It is difficult to predict how or whether regulatory authorities may apply

existing regulations with respect to such technology and its applications, including specifically (but without limitation to) the Project and Tokens. It is likewise difficult to predict how or whether any legislative or regulatory authorities may implement changes to law and regulation affecting distributed ledger technology and its applications, including specifically (but without limitation to) the Project and Tokens. Regulatory actions could negatively impact the Project and Tokens in various ways, including, for purposes of illustration only, through a determination that Tokens are a regulated financial instrument that requires registration, licensing, or restriction. The Company may cease operations in a jurisdiction if regulatory actions, or changes to law or regulation, make it illegal to operate in such jurisdiction, or commercially undesirable to obtain the necessary regulatory approval(s) to operate in such jurisdiction. The functioning of the Project and the Tokens could be impacted by any regulatory inquiries or actions, including restrictions on the use, sale, or possession of digital tokens like the Tokens, which restrictions could impede, limit or end the development of the Project and increase legal costs.

- iii. The cryptocurrency exchange market, the token listing and trading market, initial coin offerings, and by extension the Project, is subject to a variety of federal, state, and international laws and regulations, including those with respect to "know your customer" and "anti-money laundering" and customer due to diligence procedures, privacy and data protection, consumer protection, data security, and others. These laws and regulations, and the interpretation or application of these laws and regulations, could change. In addition, new laws or regulations affecting the Project could be enacted, which could impact the utility of the Tokens in the Project. Additionally, users of the Project are subject to or may be adversely affected by industry-specific laws and regulations or licensing requirements. If any of these parties fail to comply with any of these licensing requirements or other applicable laws or regulations, or if such laws and regulations or licensing requirements become more stringent or are otherwise expanded, it could adversely impact the Project and the Tokens, including the utility of Tokens with respect to the Project.
- iv. The Company may need to obtain approvals from one or more governmental authorities and there is a risk that securing such approvals may delay or prevent the Token generation event, the development of the Project, and/or the Company's ability to issue the Tokens.
- e. Risk of Alternative, Unofficial Platforms: Following the issue of the Tokens and the continued development of the Project, it is possible that alternative applications or platforms could be established, which use the same or similar open-source code and protocol underlying the Project. The Tokens may have no intrinsic value with respect to such alternative applications. The Project may compete with this alternative, unofficial token-based applications, which could potentially negatively impact the Project and the Tokens.
- f. Risk of Insufficient Interest in the Project: It is possible that the Project will not be used by a large number of businesses, individuals, and other organizations and that there will be a limited public interest in the Project. Such a lack of interest could negatively impact the Tokens and the Project.
- g. The risk that the Project, as Developed, Will Not Meet Expectations: The

Project presently is under continued development and may undergo significant changes. Any expectations or assumptions regarding the form and functionality of the Project or the Tokens (including participant behavior) held by the Company or You may not be met, for any number of reasons, including, without limitation, mistaken assumptions or analysis, a change in the design and implementation plans, and changes in the execution of the Project. Moreover, we may not be able to retain full and effective control over how other participants will use the Project, what products or services will be offered through the Project by third parties, or how third-party products and services will utilize Tokens (if at all). This could create the risk that the Tokens or Project, as further developed and maintained, may not meet Your expectations. Furthermore, despite our good faith efforts to develop and participate in the Project, it is still possible that the Project will experience malfunctions or otherwise fail to be adequately maintained, which may negatively impact the Project and Tokens, and the potential utility of the Tokens.

- h. Inability to Fund Development or Maintenance: The Company may not be able to fund development, or may not be able to develop or maintain the Project in the manner that it was intended.
- i. Risks from Taxation: The tax characterization of the Tokens is uncertain. You must seek Your own tax advice in connection with acquiring and holding Tokens, which may result in adverse tax consequences to You, including withholding taxes, income taxes, and tax reporting requirements.
- j. Risk of Theft and Hacking:
 - i. Smart contracts, software applications, and the Project may be exposed to attacks by hackers or other individuals, groups, organizations, or countries that interfere with the Project or the availability of the Tokens in any number of ways, including denial of service attacks, Sybil attacks, spoofing, smurfing, malware attacks, or consensus-based attacks, or phishing, or other novel methods that may or may not be known. Any such successful attacks could result in theft or loss of Tokens, adversely impacting the ability to further develop the Project and/or related projects and derive any usage or functionality from Tokens. You must take appropriate steps to satisfy Yourself with the integrity and veracity of relevant websites, systems, and communications. Furthermore, because the Project is based on open-source software, there is a risk that a third party or a member of the Company's team may intentionally or unintentionally introduce weaknesses or defects into the core infrastructure of the Project, which could negatively affect the Project and Tokens.
 - ii. You acknowledge, understand, and accept that if Your private key or password gets lost or stolen, the Tokens associated with Your wallet address may be unrecoverable and permanently lost. Additionally, any third party that gains access to Your private key, including by gaining access to the login credentials relating to Your wallet, may be able to misappropriate Your Tokens. Any errors or malfunctions caused by or otherwise related to the digital wallet or vault You choose to receive and store Tokens, including Your failure to properly maintain or use such digital wallet or vault, may also result in the loss of Your Tokens, for which the Company shall have no liability.
- k. Risk of Security Weaknesses in the Project: The Project consists, at least in part, of open-source software that may be based on other open-source software. There is a risk that the Company or other third parties may intentionally or unintentionally introduce weaknesses or bugs into the

core infrastructural elements of the Project interfering with the use of or causing the loss of Tokens.

- l. Risk of Weaknesses or Exploitable Breakthroughs in the Field of Cryptography: Advances in cryptography, or technical advances such as the development of quantum computing, could present risks to cryptocurrencies and the Project by rendering ineffective the cryptographic consensus mechanism that underpins the Project protocol, which could result in the theft, loss or decreased utility of the Tokens. Smart contracts, blockchain application software, and blockchain platform protocols are still in an early development stage and relatively unproven. There is no warranty or assurance that the process for creating Tokens will be uninterrupted or error-free and there is an inherent risk that the software could contain defects, weaknesses, vulnerabilities, viruses, or bugs causing, inter alia, the complete loss of contributions and/or Tokens.
- m. Risk of Lack of Adoption or Use of the Project: While the Tokens should not be viewed as an investment, they may have value over time. That value may be limited or non-existent if the Project lacks acceptance, use, and adoption, which may have an adverse impact on the Tokens.
- n. Risk of an Illiquid Market for Tokens: There may never be any marketplace for Tokens. There are currently no exchanges upon which the Tokens would trade. If exchanges do develop, they will likely be relatively new and subject to poorly understood regulatory oversight. They may, therefore, be more exposed to fraud and failure than established, regulated exchanges for other products and have a negative impact on the Tokens. To the extent that any third party ascribes an external exchange value to Tokens (e.g. as denominated in a crypto or fiat currency), such value may be extremely volatile and diminish to zero. If (despite Your representations to us to the contrary) You are holding Tokens as a form of investment on a speculative basis or otherwise, or for a financial purpose, with the expectation or desire that their inherent, intrinsic or cash-equivalent value may increase with time, You assume all risks associated with such speculation or actions, and any errors associated therewith, and accept that the Tokens are not offered by the Company or its affiliates on an investment basis.
- o. Risk of Dissolution of the Project: It is possible that, due to any number of reasons, including development issues with the Project, the failure of business relationships, lack of public interest, lack of funding, or competing for intellectual property claims, the Project may no longer be viable as a business or otherwise and may dissolve or fail to maintain commercial or legal viability, or be abandoned. There is no assurance that You will receive any benefits through the Tokens.
- p. Risk of Malfunction in the Project: It is possible that the Project malfunctions in an unfavorable way, including one that results in the loss of the Tokens.
- q. Risk Arising from Lack of Governance Rights: Because the Tokens confer only limited governance rights with respect to the Project and the Company; all decisions involving the Company (including to sell or liquidate the Company) will be made by the Company acting in its sole and absolute discretion, and all decisions involving the Project including, but not limited to, decisions to discontinue the Project and to create and issue more Tokens, will be made by the Company. These decisions could adversely affect the Project and/or Tokens You hold.
- r. Risks Associated with Incomplete Information regarding the Tokens of the

Project: You will not have full access to all the information relevant to the Company, the Tokens, and/or the Project. The Company is not required to update You on the progress of the Project. You are responsible for making Your own decision in respect of the acquisition of the Tokens. The Company does not provide You with any recommendation or advice in respect of the acquisition of the Tokens. You may not rely on the Company to provide You with complete or up-to-date information.

- s. The holders of Tokens will not be in any fiduciary, partnership, trustee, agency, or similar relationship with the Company or any of its affiliates and will not be owed any fiduciary duty by the Company or any of its affiliates. The holders of Tokens have no direct management, equity, voting, or similar rights in the Company or any of its affiliates.
- t. In order to seek compliance with (or to seek to mitigate the impact of) any laws, statutes, ordinances, rules, regulations, judgments, injunctions, orders, treaties, administrative acts, or decrees of any nation or government, any state or other political subdivision thereof, any entity exercising legislative, judicial or administrative functions of or pertaining to government, including, without limitation, any government authority, agency, department, board, commission or instrumentality, and any court, tribunal or arbitrator(s) of competent jurisdiction, and any self-regulatory organization believed by the Company or its affiliates to apply to or affect the Company or its affiliates, the Project or the Tokens, the Company may in its sole and absolute discretion take such steps as it considers necessary or convenient to comply with such matters including, without limitation, the termination of the Tokens and/or the Project. In addition, the Company may take such steps as it considers necessary or convenient where it believes or suspects the Tokens may be used, trafficked, or applied in the attempted furtherance of money laundering, terrorist financing, tax evasion, or other unlawful activity or where it believes the Project is no longer viable.
- u. Regulation of (i) tokens (including the Tokens); (ii) cryptocurrencies (iii) blockchain technologies; and (iv) cryptocurrency exchanges are currently underdeveloped and are likely to evolve rapidly, and vary significantly among international, national, federal, state and local jurisdictions and is subject to significant uncertainty. Various legislative and executive bodies in the United States, South Korea, China, and Singapore, among other countries, are currently considering, or may in the future consider laws, regulations, guidance, or other actions, which may severely impact the development and growth of the Project, the Company and the Tokens. Other countries may adopt similar approaches. Failure by the Company or users of the Project to comply with any laws, rules, and regulations, some of which may not exist yet or are subject to interpretation and may be subject to change, could result in a variety of adverse consequences, including civil penalties and fines. New or changing laws and regulations or interpretations of existing laws and regulations would likely have numerous material adverse consequences on the Company and the Tokens. Therefore, there can be no assurance that any new or continuing regulatory scrutiny or initiatives will not have a material adverse impact on the value of the Tokens or impede the activities of the Company.
- v. The Company has the exclusive right, in its sole and absolute discretion, to address and remediate any of the operational, legal, or regulatory risks presented as of the date hereof or hereafter. In the exercise of such rights, it is possible that the Company may determine that the continued development of the project is not feasible. Accordingly, there

is a material risk that the Company and its affiliates may not successfully continue to develop, market, and operate the Project and the Tokens.

Unanticipated Risks: Cryptographic tokens are a relatively new and comparatively untested technology. In addition to the risks discussed herein, there are risks that the Company cannot anticipate. Further risks may materialize as unanticipated combinations or variations of the discussed risks or the emergence of new risks.
